

Rock Crusher Foreman (Aggregates)

Description

We are looking for an Aggregate Rock Crusher Foreman in Clayton, Iowa. This person is responsible for meeting quality requirements as well as production goals on a daily basis utilizing our state of the art compression crushing plant. They will work collaboratively with all company departments to ensure that repairs, screen changes and product needs are being scheduled and met efficiently. Working closely with management, to ensure the smooth operation of aggregate production, this position is critical to the efficient operation and success of our production goals.

Primary Responsibilities

- Maintain proper quality standards to meet state and customer requirements
- Monitor samples and data in a timely manner and make alterations as necessary to maintain quality
- Properly select and install screens
- Operate heavy equipment
- Perform routine maintenance to ensure the smooth operation of equipment
- Monitor expenses and constantly look for efficiencies to lower costs
- Consult with prior shift management to clarify daily priorities
- Develop daily task lists for employees using the most recent crushing line inspection, maintenance log and operating schedule
- Ensure daily proper inspections of the plant are completed and issues are addressed timely
- Perform audits regularly for safety, SOP's, training compliance, production and quality
- Conduct timely performance reviews of team members

Qualifications & Requirements

- Must pass all DOT requirements, pre-employment physical exam and drug test
- Must be proficient in speaking and writing English
- Must have the ability to stand for 6-12 hours on uneven sandy/rocky surfaces
- Must have the ability to climb on and off equipment, ladders, bend and stoop.
- Must be able to work at heights
- Able to wear a half mask respirator for up to 12 hours at a time
- Must have basic computer knowledge

Education & Work Experience

- High school diploma desirable but not required
- 3-5 years' experience in aggregate & wash plant operations with understanding of mineral processing equipment such as cone crushers, jaw plants, screens, conveyors, and associated mobile equipment
- Prior heavy equipment experience preferred
- Prior welding experience preferred
